

Covid-19 Catch Up Programmes (CUPs)

Autumn Term 2020 - £4160 (Funding) £4200 (Actual spend)

Implementation

All children will continue to receive quality first teaching and interventions in class time via learning planned by Teachers and Teaching Assistants.

Specific children have been identified through assessments during September; these children have significant gaps in their learning due to lockdown and therefore need additional small group intervention.

Children, that have been identified, will receive additional catch-up sessions known as 'Catch-Up Programmes (CUPs) and these run on a weekly basis after school on Tuesdays and Thursdays from Year 2 to Year 6. The CUPs are planned and delivered so that the children continue to work towards meeting age-related expectations (ARE) as well as catch-up learning from their previous year group.

Children in Reception and Year 1 will receive additional focused intervention during the school day as we feel that they are too young to stay for extra hours after school. These sessions will be delivered by the staff in the annexe - teachers and teaching assistants.

The Government Catch-Up funding will be used to pay support and some teaching staff additional hours. This will be reviewed termly and children receiving the intervention will also be revised half-termly.

All Teachers and Teaching Assistants are able to deliver high quality interventions which focus on specific BBs (non-negotiables – ARE). The staff know the children extremely well and will continue to adhere to all Covid measures established in school so as to comply with the whole school risk assessment. Groups of children will be taught in specific areas in school (mainly their own class) and will be kept separate at all times.

Teaching assistants from Y2-Y6 will deliver CUPs to the children in their own class and the class teachers will do the same.

Miss Mongan will work an additional afternoon (Tuesday) in Year 1 and Year 2 to deliver catch up programmes as well as an after school session in Year 2.

During the school day (Monday-Friday) additional interventions are happening across school for focus groups of children. Please refer to the timetable below for further details.
