

Year 4

Homework

This booklet belongs to

We feel that at St Thomas Leesfield C of E Primary School, homework should develop the whole child. Homework does not always need to be work sheet based – ‘work at home’ can come in many different forms.

At least one of all nine areas should be fulfilled each week of the year. Please tick off or highlight what you have done each week and sign in the space provided on each grid. School will check and sign the grid each week.

Enjoy your homework Year 4, and thank you parents for your on-going support.

Planners and homework grids will be checked every Friday

Leesfield Life Skills: Year 4

At St Thomas' Leesfield, we aim to develop the whole child, embedding technical and transferable elements of the hidden curriculum alongside the age-related BB targets. Leesfield Life Skills are our way of supporting and ensuring that our children grow into well-rounded, confident young people who can succeed as individuals and contribute to our community. The objectives listed below are age-appropriate skills that your child must demonstrate they can independently carry out before the end of this academic year. Together, with your support, we can empower our children to be school ready and life ready.

Please discuss the targets with your child and work on them together. When you feel they are secure in this life skill, tick the box next to each statement, as school will do too.

Home	School
------	--------

I can organise my own needs for the school day: I wear the correct uniform, I have my planner, homework grid and reading book(s), I wear my Always Badge		
I can accurately tell the time using the 12-hour clock		
I can swim the length of a swimming pool and know water safety		
I can safely make a hot drink		
I know a parent/guardian's phone number, in case of an emergency		
I understand how to stay safe online and know who to speak to if I am worried about my online safety		
I can cross the road independently and safely		
I can speak with the appropriate formality for different social scenarios
